The Journal of Pediatric and Neonatal Individualized Medicine (JPNIM) is the Official Journal UENPS (Union of European Neonatal & Perinatal Societies)

Official website: http://www.jpnim.com

Publishing Mode: peer-reviewed, online, fast-track and Open Access

Description: The Journal of Pediatric and Neonatal Individualized Medicine is a peer-reviewed interdisciplinary journal which provides a forum on new perspectives in pediatric and neonatal medicine. The aim is to discuss and to bring readers up to date on the latest in research and clinical pediatrics and neonatology. Special emphasis is on the developmental origin of health and disease, perinatal programming and on the so-called ‘-omics’ sciences. Systems medicine blazes a revolutionary trail from reductionist to holistic medicine, from descriptive medicine to predictive medicine, from an epidemiological perspective to a personalized approach. The journal will be relevant to clinicians and researchers concerned with personalized care for newborns and children. Medical humanities will also be considered in a tailored way.

Indexing: Digital Object Identifiers (DOI) are assigned to all JPNIM contents; all JPNIM articles are indexed in Google Scholar

**AUTHOR GUIDELINES**

The Papers must be written in English or Italian and must be original (not published elsewhere in whole or in part).

Text: Please submit the text in a Word file. Papers length should be generally around 20,000 characters. All acronyms in the text should be expanded at first mention, followed by the abbreviation in parentheses. Do not use boldface or underline character formatting; use italics just for technical terms or not English words. Use quotation marks just for quotations or to underline a particular word meaning. Do not insert footnotes. Divide the text in paragraphs and assign a title to each part.

Abstract and keywords: For every article, authors should send: an abstract of 250-300 words, and 6 keywords. Abstract and keywords must be in English also for Italian articles.

Figures and tables: Figures (graphs, charts, photographs, and illustrations) and tables should be submitted separately from the text file: for graphs and charts, use Excel files; for photographs and illustrations, use JPEG, PNG or TIFF files (or, at least, PowerPoint); for tables, use Excel or Word files. Please only use the following fonts in figures: Helvetica or Arial.

Authors should quote figures and tables in the text and should number them in the order in which they appear in the text. Each figure and table should be accompanied by a short description. Figures and tables must be original. Please note that editors and the publisher could evaluate the sent files overall and decide to modify the number of figures and tables.

References: Please list the references in order of citation in the text, in square brackets. For each entry, please clearly indicate the following data: names of all the authors, title of the article/book, publication year. Moreover, for journal articles, indicate journal title, volume, issue, first and last page of the article; for websites, indicate publication date and last access; for books, indicate the book publisher and its head office. If you want to quote a chapter within a book, please add information on the chapter (title and authors).

**Author Listing:** For each author, please list the following items: name, surname, institutional affiliations. To facilitate the publisher’s communication with authors, please list also the e-mail addresses.
